

Grass Ridge Dairy

Grass Ridge Dairy LLC is a 500 cow registered Holstein and Jersey farm located in Pittsville, WI. High milk production, healthy cows and genetic improvement through genomic testing are the main focuses on the dairy. All cows are milked in a double 12 parlor and are housed on sand bedded freestalls. Currently we are averaging 90 lbs per cow no BST with a SCC below 100,000 for the last 2 years. We believe that good, well trained people are the key to an efficient and successful dairy farm.
